

## **Data Structures Lab Course (start of summer 2023)**

### **Weekly report 5**

#### **Learnings and tasks for week 5:**

- First peer review done (Ensimmäinen vertaisarviointi), submitted to GitHub.
- The core operation of the program completed. Unit testing and test coverage report done, testing document submitted to GitHub.
- Implementation document completed and submitted to GitHub.
- Tried to improve the implementation of IDA\*, still something wrong with the algorithm, not work as well as the built-in library.
